

ADOPT-A-JOURNAL

We would like to invite you to participate in the popular Adopt-a-Journal program offered through Portland State University Library. In 1993 serious budget reductions forced the PSU Library to cancel over 1,000 journals. The Adopt-a-Journal program was born out of an effort to counter this decrease. Now again this year, for the same reasons, many more hundreds of journals are scheduled to be cancelled.

The Adopt-a-Journal program seeks individuals who will underwrite the cost of one or more of these journals. Many of our current donors have been with us from the beginning and continue to support the program year after year.

As always donations are tax deductible.

Please contact Joan Young (503.725.5783, youngjb@pdx.edu) or Marjorie Jangord (503.725.8177, jangordm@pdx.edu) for more information.
